An iconic tower design inspired by global architectural excellence. Towers sculpted in a distinctive Onigiri-inspired form, crafted to ensure every residence enjoys

- ☀️ MAXIMUM VIEWS
- ☀️ MAXIMUM SUNLIGHT

- ☉ Triangular geometry ensures 100% corner residences
- ☉ Globally inspired form with high design efficiency
- ☉ Softened edges reduce visual bulk & increase privacy buffers
- ☉ Angled layouts ensure broader, less obstructed views
- ☉ Triangular design enhances wind & seismic stability

LANDSCAPE INSPIRATION

CONCEPT

The Fallen Flower & The Four Elements

The flower that becomes elemental zones which is Water, Soil, Wind, Flora & Fauna, support core in the middle.

The space is divided into five zones, each inspired by a natural element. All these zones are connected and lead to a central core. This core is the main building and the heart of the design.

The radial design with paths connecting to the core zone and zones branching out like petals. Each area becomes a unique elemental garden, while the 5 elements core remains the symbolic fallen flower.
